

IELTS EXAM

IELTS (International English Language Testing System) is an exam recognised by English speaking countries, Universities and employers around the world. IELTS is designed to assess the language ability of candidates for emigration purposes and to study or work abroad. The IELTS point score system ranges from 1 to 9. Universities generally require the following scores:

Foundation: 5.0-5.5
Undergraduate: 6.0-6.5
Postgraduate: 6.5+

Scores vary according to the company and country's requirements.

LOVE READING

The reading paper consists of three sections and it lasts for approximately 60 minutes. It consists of three long reading passages with texts ranging from descriptive and factual, to discursive and analytical. It includes non-verbal material such as diagrams, graphs and illustrations. Texts are authentic i.e. taken from actual books, journals and newspapers.

LOVE WRITING

The writing part of the exam takes approximately 60 minutes and consists of two tasks.

Writing Task One offers a choice of either 'General' or 'Academic' English, both require at least 150 words. The candidate must write a formal or informal letter, summarise, describe or explain a table, graph, chart or diagram.

Writing Task Two is an essay consisting of a minimum of 250 words. Students are presented with a topic and will be tested on their ability to respond by giving and justifying an opinion, discussing the topic, summarizing details, outlining problems, identifying possible solutions and supporting what you write with reasons, arguments and relevant examples from your own knowledge or experience.

LOVE SPEAKING

The Speaking section of the exam consists of a three-part interview, which lasts approximately 15 minutes. In Part One, students are asked general questions about themselves. Students are expected to speak at length about a familiar topic followed by a structured discussion.

*This part is the same for both academic IELTS and general IELTS. **Love**

LISTENING

The Listening section lasts approximately 30 minutes. The tasks consist of four recorded monologues and conversations with supporting questions. The students are given an extra 10 minutes to transfer their answers onto an answer sheet.
